## **FrenchCreek Production, Inc. Celebrates 20 Years**

**FRANKLIN, PA - January, 2012** - FrenchCreek Production, Inc., a custom manufacturer of Fall-Arrest, Confined Space, and Rescue/Recovery Systems, is celebrating 20 years of business.

"We're extremely pleased with the growth and overall direction of FCP throughout the years," says President Jason Wible. "We've always remained optimistic, and have continually yielded positive results since our inception in 1992. Our focus has always been, and will remain, providing our customers with top-notch products and services while combining the old-fashioned values that were instilled on the company by my father."

FrenchCreek was founded by Jason's father, Carl Wible, whom had been in the fall protection industry since 1973 prior to starting FrenchCreek Production. Carl's hard work, dedication, and knowledge in the field enabled growth and stability for FCP throughout the years. Jason was appointed as President in 2008, while Carl remained involved in the operations for a few years following the transition. Carl has recently retired, but still enjoys being an active part of the Franklin and Venango County community, along with his wife Millie.

Frank Davison, FrenchCreek's Vice President/General Manager, joined Carl in 1992 to assist in the establishment of FCP. He too began his fall protection experience in 1973, and also had a successful career in the industry prior to the launch of FrenchCreek. "The last 20 years have gone by pretty fast," confesses Davison, "But overall, it has been a wonderful experience trekking our way toward this monumental achievement!"

Throughout the last 20 years, FrenchCreek Production has been very fortunate to develop and maintain great working relationships with some fantastic long-term employees. The dedication and hard work of these employees throughout the years has been the foundation for FCP's on-going success.

FrenchCreek would like to acknowledge the following people for their time, effort, and long lasting commitment to the company:
