

# PRODUCT SPECIFICATIONS

## AP36 Ladder Anchor Post

### Product Description:

FrenchCreek's AP36 can be used at the top of a ladder to provide a secure tie-off point when transitioning from the ladder to the working surface. This post is compatible with FrenchCreek's vertical climbing systems.

### Product Features:

- Can be positioned to the left or right, and in front or behind the ladder rungs
- Compatible with Self Retracting Lifelines
- Minimal parts and easy setup
- Provides egress option for FrenchCreek rail systems
