**APEX**  
Retractable Ladder Anchor Post

The APEX Retractable Anchor Posts provide a secure fall arrest anchor point for workers using fixed ladders, meeting and exceeding OSHA and ANSI requirements. Featuring retractable, counterbalanced aluminum posts and a stainless steel anchor point, APEX allows users to remain safely tethered while mounting and dismounting. Designed for rugged environments like water treatment plants, mines, and rooftops, it ensures safer, more stable ladder transitions.

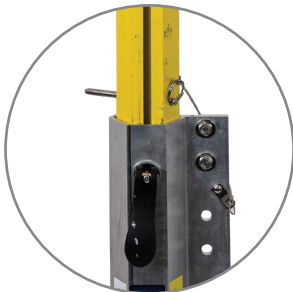

- ♥ Meets and exceeds OSHA & ANSI requirements
- ♥ Retractable, counterbalanced lightweight safety yellow aluminum posts
- ♥ Load tested over 5,000 lbs.
- ♥ Easy cam & pin locking functions
- ♥ Installation hardware included to mount to the majority of ladder designs and fabrications

Ideal Applications

The APEX Retractable Anchor Posts are ideal for enhancing safety and compliance wherever fixed ladders are used. Providing a secure anchor point with dual retractable posts, the APEX affords safer transitions on and off ladders while keeping workers tethered and balanced.

**Industries Best Served:**

- ♥ Water and wastewater treatment facilities
- ♥ Mining operations
- ♥ Utility vaults
- ♥ Power plants
- ♥ Manufacturing facilities
- ♥ Buildings with interior or exterior roof access ladders

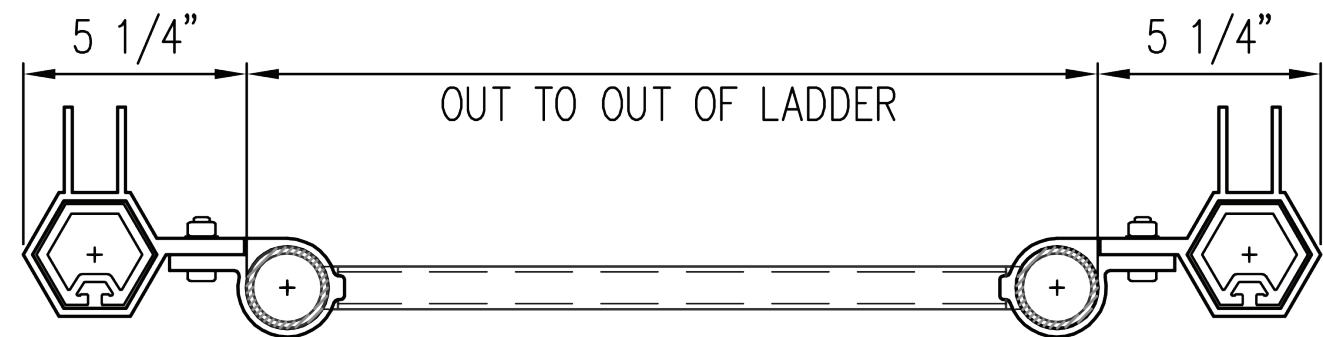

*The APEX includes two ladder anchor posts- providing secure attachment points on both sides of the ladder for maximum safety and convenience.*
